Neighbors like Robert.

Mountain Care Services' Adult Day Center in Henderson County provides a safe and enjoyable space for aging and impaired adults to stay active and engaged during the day while receiving excellent and compassionate care, giving caregivers peace of mind as they manage their other responsibilities.

Robert is a 70-year old man living in a veteran's foster home. Before enrolling in the Adult Day Center, his caregivers struggled to engage him in conversation and he rarely left his room. Slowly, he began losing interest in most activities – eventually spending all day in bed alone. Growing concerned for his well-being, he was enrolled in Adult Day Services. Since joining, Robert now engages verbally, enjoys exercise and active games with just a bit of encouragement, and has made new friends.

With the support of the United Way, MountainCare Services is able to do so much more than meet basic needs. They provide purpose, community, and a better quality of life for some of our most vulnerable neighbors.

When you give to United Way's Community Investment Fund, you are supporting 35 programs at 20 local nonprofit agencies. With the power of one gift through United Way of Henderson County, you are helping make a positive and lasting impact in the lives of over 35,000 neighbors across our community.
