

United Way of Henderson County

WHAT DOES UNITED WAY DO?

United Way of Henderson County has been fighting for the health, education, financial stability, and basic needs of every person in Henderson County since 1953. Each year, we work to raise funds from individuals to invest those dollars back into our community.

Our partnerships with nonprofit agencies throughout Henderson County are serving our neighbors in need and strengthening our community. By working together, we are helping to ensure that everyone has a safe place to live, work and play and that all families receive the resources they need to thrive.

WHY GIVE TO UNITED WAY?

You can give once, and your gift is spread throughout the community, making life better for thousands of people who need your help. United Way carefully reviews all agencies applying for funding to ensure that your contribution addresses the most pressing needs our community faces. You can also designate all or part of your gift to a specific impact area, another nonprofit agency or another United Way office.

JOIN US!

We hope you will join us as we continue to fight for everyone in our community. We need your help. Together, we can lift up our communities.
